Mr. James E. Rasmussen, Acting Program Manager  
Office of Environmental Assurance,  
Permits, and Policy  
Department of Energy  
Richland Field Office  
P. O. Box 550 MSIN A 5-15  
Richland, Washington 99352

Dear Mr. Rasmussen:

Department of Health Air Emissions staff inspected the CR Vault Double Contained Receiver Tank (DCRT) and reviewed its plans for start up. Permission is granted to use this facility as it was presented to us, providing you maintain a negative pressure on the CR Vault while it is in operation.

When CR Vault is not in use, please keep the cover blocks taped. Your plans to use a tight fitting vault pit cover to block out animal intrusion is to be commended.

Sincerely,

Allen W. Conklin, Head  
Air Emissions and Defense Waste Section  
Division of Radiation Protection
